

AG-661

80 watts

Suspended Electric Grid Trap

The AG-661 Insect Electrocutor is the premier outdoor flying insect light trap. This unit has heavy duty construction and large attraction range for aggressive flying insect control. It can be suspended by wall or post brackets away from buildings to suppress insect populations around boat docks, parking lots, or stadiums before they enter the area or building.

SUGGESTED FOR: Marinas,
Warehouses, Parking Lots,
Stadiums, Outdoor Areas

features:

- 24-hour, non-chemical trapping
