

AG-961

50 watts

Portable/Wall Mounted Electric Grid Trap

The AG-961 Insect Electrocutor is a compact, powerful light trap for small areas where space is limited. The 50 watts of U.V. light attraction is the highest available in a trap of this size. It is open on both sides for 360° visibility, and kills insects on a protected electric grid. Dead insects are contained in a removable drawer. The light can be suspended from a ceiling, mounted 3-6 feet high on a wall, or used as a portable tabletop trap.

SUGGESTED FOR:

Warehouses, Bakeries,
Hospitals, Pharmaceutical,
Food Manufacturing,
Hallways, Docks,
Bottling/Packaging Plants

microswitch controlling
power to unit

easy open door

2-25 watt U.V. bulbs
